

AADESH KULKARNI

AI & Software Engineer — B.Tech Computer Science Engineering (2027)

Pandharpur, Maharashtra, India | +91 9359183031

aadesh.kulkarni.sknscoe.comp@gmail.com | linkedin.com/in/aadesh-kulkarni-b6283a257 | github.com/Aadeshk7

SUMMARY

High-achieving Computer Science Engineering student with a **9.0 SGPA** and a focus on architecting end-to-end AI solutions and automated software systems. Expert in bridging the gap between complex machine learning models and scalable full-stack applications. Certified Oracle Cloud and Google Project Management professional with a proven track record of delivering high-accuracy technical projects and leading large-scale engineering initiatives. Dedicated to optimizing organizational efficiency through intelligent automation and robust, solution-oriented design.

TECHNICAL SKILLS

- Languages:** Python (Expert), Java, C, SQL, JavaScript (ES6+), HTML5, CSS3
- Artificial Intelligence:** Machine Learning, Computer Vision, OpenCV, Keras, TensorFlow, NumPy, Pandas
- Frameworks & Databases:** Django, React.js, Node.js, REST APIs, MySQL, NoSQL
- Tools & Cloud:** AWS, Oracle Cloud Infrastructure (OCI), Git, GitHub, Docker, Agile Methodology

WORK EXPERIENCE & PROJECTS

Anuvad - AI-Powered Multilingual Content Localization Engine Jan 2026 – Present

- Developed an end-to-end pipeline for content localization across 5+ Indian languages.
- Achieved **90% accuracy** and reduced manual localization time by **40%**.
- Integrated deep learning models to support real-time content translation.

UniPrep — AI Exam Preparation Assistant 2025

- Engineered a Full-Stack AI platform for automated question summarization and study plan generation.
- Optimized quiz generation using prompt engineering, saving educators **15+ hours per week**.

Digital Heritage Platform (Sikkim) 2025

- Architected a 360° virtual tour application with AI-driven archival management for historical sites.
- Deployed GPS-enabled smart audio guides, increasing user engagement metrics by **25%**.

Facial Recognition System 2024

- Developed a real-time recognition system using CNN architecture, achieving **95% verification accuracy**.
- Optimized OpenCV image pre-processing to maintain high stability across various environmental lighting.

EDUCATION

SKN Sinhgad College of Engineering Expected 2027
Bachelor of Technology in Computer Science Engineering — **Current SGPA: 9.0** Pandharpur, India

Progress Jr. College 2023
Higher Secondary Certificate (HSC) — **Percentage: 72.33%** Pandharpur, India

Kawathekar Hightschool 2021
Secondary School Certificate (SSC) — **Percentage: 99.80%** Pandharpur, India

CERTIFICATIONS

- Oracle:** AI Foundations Associate & Data Platform Associate (2025)
- Google:** Foundations of Project Management (Professional Certification-Coursera)
- Udemy:** Full Stack Web Development Bootcamp
- Microsoft & LinkedIn:** Career Essentials in Cybersecurity

ACHIEVEMENTS & LEADERSHIP

- Main Event Coordinator:** Hackathon 2K24 — Led **10-member team** and managed **500+ participants**.
- Winner:** Internal College Hackathon (Smart India Hackathon 2025).
- Winner:** Business Idea Presentation & Debate, EvolvX (2025).
- Winner:** Best Resume Competition, SKNSCOE (2026).
- Gold Medalist:** International English Olympiad (IEO).

LANGUAGES

English (Proficient), **Marathi** (Native), **Hindi** (Native)
